Summary:

I am seeking employment to learn and experience the details of advertising production, print, and management. I am motivated and detail oriented, have worked for myself for over two years. I would be an ideal candidate for this position because of my experience with software, programming, design, and advertising. I understand "pulling my own weight", deadlines, client needs, dedication, time management, professional standards, discipline, diligence, creativity, current trends, and 'out of the box' thinking.

Education:

91 'Chapin High School - Chapin, SC - Photo Editor/Dark Room Manger - yearbook and newspaper. Math Team, USC Journalism Camp, Senior Superlative - most artistic.

91'-93' Savannah College of Art and Design - Graphic Design -
